From grapeshot-shaped potato pie with meat stuffing to tree cake.
Culinary trips in Podlasie

Below are represented materials collected during project realisation: 'Tourist Promotion of the Borderland Region by Regional Cuisine'. In a result, the publication 'From grapeshot-shaped potato pie with meat stuffing to tree cake. Culinary trips in Podlasie' (along with CD) was published by the Podlaskie Voivodeship Marshal's Office.

Podlaskie Voivodeship districts notified many recipes, which became a considerable material – even more extensive than the publication mentioned above. And that is the one we put on.
Enjoy!
