

Welcome_to_Podlasie

Green-blue LandPodlaskie Voivodeship. Green-blue land. Mysterious, beautiful, unique and exceptionally hospitable. Lots of blue and green in here. The landscape is dominated by GREEN. Green and brown – these are colours of 'nature' – one can find different tints in each of 85 sanctuaries.

Inhabitants of this land are sincere, cheerful-natured, with souls – often artistic – wide open. In small workshops of folk handicraft, many of them create traditional double-warped materials, ceramics, wooden sculptures or artistic smithery articles. Tourists are very welcome here.

Lakes and rivers are BLUE all the year round. Blue not only glades fishermen, but also encourages to sky-high trips in multicoloured balloon. Regional balloon athletes are well-known and respected in the country and beyond its borders.

Extraordinary character of the GREEN-BLUE LAND and warmth of its inhabitants make one wants to come here constantly.
